MEMORANDUM FOR : Miss Ann L. Coodpasture

THROUGH

1 Administrative Officer, CI Staff-

SUBJECT

: Application to Purchase Service Credit

1. This is to advise you that your application to purchase service credit under the CIA Retirement and Disability System has been processed. The period of your service which is not covered by retirement deductions and the amount due to cover this period are as follows:

Redeposit Period

Total Amount Due

11 Mar 1942 - 8 Sep 1943

\$241.00

- 2. Postponing payment will cause the amount due to increase because of additional interest at the rate of 3 per cent compounded annually. However, so long as the amount is not paid, you have the use of this money for other purposes. You may postpone payment until you retire.
- 3. If the redeposit is not made you will receive no credit in the computation of annuity for the period of service covered by the refund. This usually results in a sharp reduction in the amount of your annuity.
- 4. If you wish to make payment for the redeposit period, please make your check payable to the Treasurer of the United States and forward it to the Chief, Retirement Operations Branch, 205 Magazine Building. If you prefer, you may make installment payments or arrange for bi-weekly payroll allotments of \$25.00 or multiples thereof. A receipt showing a statement of your account will be sent to you acknowledging each installment payment.

PROM	. 1		
SUBJECT		Administrative Personnel -	

- has asked that I state my preference with regard to home leave and reassignment. I will be eligible for home leave in July 1953 but it is not urgent that my leave be scheduled exactly when due. I would like, however, to know what opportunities exist with headquarters and whether I should be looking elsewhere for employment after July 1953.
- I would profer a more responsible job than is forescable here. Now that the station files are set-up and the administrative routine is established, my job, while termed Administrative Assistant, is mainly that of a clerk-typist. The practice in typing has been good for me but I would like to look ferward to a more responsible job for the next tour of duty. For instance, as a GS-9 I am performing the same type job which I did in 1945 at a CAF-4 and a considerably less responsible job than the one performed at headquarters as a P-2. While I have been taking Spanish lessons, I know that I as not proficient enough in the language for an assignment in Latin America, and feel that I would be better off in another area.
- 3. For the benefit of the case officer in assigning a replacement, has suggested that I outline the duties which my replacement should be trained to perform. The routine can be learned in the field within two or three weeks.
  - a) Copy typing. About 75% of the time will be taken up with routine typing.
  - b) Index carding. About 600 index cards a week are now being typed for the card files and for the visa section files.
  - c) Preparation of courier mail. Couriers usually go to the border approximately every two weeks but there is no regular schedule, and pouches are semetimes prepared on a few hours notice.
  - d) Communications. The incumbent should have complete training for our codes for he will not have much practice in the field as only two or three messages are transmitted monthly.

e) Photography. At the present time, considerable operational use is being made of a darkroom at my residence. In addition to my own photographic equipment; the station photographic equipment is used there. My replacement should be trained in the use of the duo-printer and in 35mm copy work. If he has no personal photographic equipment, headquarters may wish to issue him a camera as there is only one camera at the station. Most of the copy work has been done with my personal rolleiflex and enlarger.

	Temporary Promotion
•	l. Subject is administrative assistant at our installation in  Due to the increased cost of living in  request is made that she be given a temperary promotion from a CAF-7 to a CAF-9. The increase in selary, plus the additional cost-of-living and quarters allowances, will be sufficient to permit Miss Goodpasture to meet the highly inflated cost of living in an impossibility for the past several months.  2. A review of subject's reports on living conditions in reveals that since her arrival in April, she has had to live in temporary quarters on a day-to-day or week-to-week basis. The rooms occupied by subject have been shared with at least one other girl and sometimes two or three. Bathroom facilities are also shared with the other occupants of the hotel. During a period of several months, subject and her roommate computed a nine by twelve room on the fifth floor of a "walk-my" and shared a bath with four men. This room cost them \$150 a minth each.  At the present time subject and her roommate are living in a single room, without private bath, and for the privilege are paying \$ Rs. 200 a week each (approximately \$60.).
	3. In a dispatch dated 28 November, subject stated that "I am now spending more than my contined salary and allowances to maintain only a moderate standard of living. It appears at present that it is unlikely that any permanent quarters will be found for unmarried members of the staffsince four officers' families are on route toand three such families presently inare without places to live. Any accomplations secured through the will of course be made available first to the highest ranking officer in need of housing. Any accommodations found through other channels have so far been prohibitive in price "
	4. In support of subject's statement of conditions she attached, at the suggestion, a edgy of his report to the dated November 7, 1947. Pertinent pertions of the dispatch have been

excerpted and are enjoyed to this memorandum.

5. Subject's present salary, minus retirement and income tax, is \$105.12 per two-week pay period; her present living and quarters allowance amounts to \$78.45. The proposed increase to a CAF-9 would bring her not salary to \$127.42 per two-week pay period and her living allowance to \$103.07 - a difference of \$46.92 every two weeks. A promotion to a CAF-8 would be insufficient, since her allowances would remain the same and the salary increase would amount only to \$10.75 per pay period.

Miss Ann L. Goodpasture

2 April 1946

Miss Ann L. Goodpasture reported back to SI Washington from Shanghai on 1 April 1946. On the trip back, she developed a rather serious ear ailment, and it is feared that an operation may be necessary. Dr. Thompson of the Medical Division was going to attempt to have her admitted to a hospital Monday night for further attention and treatment. After release from the hospital she will go to her home in Tipton, Oklahoma.

In view of the above facts, we shall show Miss Goodpasture as being on sick leave (approximately one month) until her return to duty, at which time she will fill out the form 71 and any other necessary papers.

Miss Ann L. Goodpasture

Miss Ann L. Goodpasture who returned from Shanghal on 1 April 1946 has informed me that she has cancelled her "Power of Attorney" in writing and that she has not been paid since 9 February.

It is requested that her case be checked and necessary steps be taken to reimburse her. Miss Goodpasture has been a Clerk-Stone, CAF-5, \$2320 with the SI office since 16 Dec. 1945. She departed from Shanghai on 5 March and arrived in Eashington on 30 March.

Miss Goodpasture is being hospitalized immediately, due to a serious ear ailment which developed on the trip back, and will probably be out for approximately one month. Any payments should be mailed to her in Tipton, Oklahoma (no Street address), until further notice.

### MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Ann L. GOODPASTURE 18 October 1970 - 31 October 1971

To the immense regret of this writer Ann Goodpasture is retiring very soon. It would be silly to rate her competitively against any of her colleagues, male or female, young or merely well-preserved. Concerning her fitness be it recorded that she is very fit indeed to perform any of the tasks listed as her current ones or almost any others I can think of at almost any grade. I venture to rate her over-all performance, thirty years of it, as OUTSTANDING. Ann is one of the tough warp-threads on which this organization is woven, and when she retires the fabric of this organization will be weakened.

She is an excellent office and project manager who is cost conscious and she is a careful thorough instructor and briefer. Her retirement will leave a great gap in CI/OPS and, as Mr. Johnson has said, in the organization. I hope she gets the official Agency recognition she deserves for the many years she has made substantive contribution to the

### MEMORANDUM IN LIEU OF FITNESS REPORT

SUBJECT: Ann L. GOODPASTURE

18 October 1970 - 31 October 1971

To the immense regret of this writer Ann Goodpasture is retiring very soon. It would be silly to rate her competitively against any of her colleagues, male or female, young or merely well-preserved. Concerning her fitness be it recorded that she is very fit indeed to perform any of the tasks listed as her current ones or almost any others I can think of at almost any grade. I venture to rate her over-all performance, thirty years of it, as OUTSTANDING. Ann is one of the tough warp-threads on which this organization is woven, and when she retires the fabric of this organization will be weakened.

Chief, CI/OPS/FE

COMMENTS OF REVIEWING OFFICIAL:

Miss Goodpasture is indeed a fine officer who consistently turns in a Strong performance when she is not doing an outstanding job. She is an excellent office and project manager who is cost conscious and she is a careful thorough instructor and briefer. Her retirement will leave a great gap in CI/OPS and, as Mr. Johnson has said, in the organization. I hope she gets the official Agency recognition she deserves for the many years she has made substantive contribution to the CS.

- I. Course Objectives: to remiliarize the student with the various types of GS operations and with methods and procedures problem to GZ in the field and at Headquarters, to outline GE objectives, and to increase proficiency in the recognition and employtation of leads.
- II. Course Couracteristics: The Counterespionega Operations Course is of three world duration. The curriculum material is presented by meses of lectures, sentiars, and directed reading. It is divided into sections as follows:
  - A. Introduction (definition of terms, the CT Staff, operational Security and thak assessment, sources of GE leads, CE reporting and records)
  - B. Interrogation
  - C. Foreign Intelligence Services (with emphasize on currently hostile services including a lecture on CD in Linkson)
  - D. Penstration and Defection
  - E. Double Agent Operations

During the course each student is required to present orally a CE case and to submit a written varsion of the case. Evaluations are based on problems, the case analysis presented by the student, and objective tests.

## III. Evaluation

- A. Two double agent problems requiring case analysis. This analysis involves thorough study of the case:
  - To determine areas of missing, inadequate, or questionable information
  - To pick out information which can be checked through other sources
  - 3. To recognize all possible leads 6. To assess the risk involved

  - 5. To propose appropriate action (operational decisions)

IV. COMERC: Miss Goodpasture's handling of the problems indicated that she is capable of shroud analysis. She overloaded some points which might have been considered in one problem and dealt with the other problem in too brief fashion, but in general her analysis reflected her actual experience and suggested that she is perhaps stronger in analysis than in making operational decisions. She presented a rather complex case and demonstrated that she not only understood the case but was able to give a clear account of it.

Nies Goodpasture's handling of the problems indicated that she is expedie of shread analysis. She overlooked some points which might have been considered in one problem and dealt with the other problem in too brief feshion, but in general her analysis reflected her actual experience and suggested that she is perhaps stronger in analysis than in making operational decisions. She presented a rather complem case and demonstrated that she not only understood the case but was able to give a clear account of it.

## Present Positions

At the present time I am working in two placess one position is with the War Relocation Authority in the Placement and Training Unit of the Personnel Management Section which consists principally of clerical duties; the other position is with Congressional Intelligence, a private naws service, the work consists of preparing for publication various legislative reports, press releases and current congressional information. The combined salaries amount to \$204. per month.

The Civil Service position which I now have is a grade CAF-3 \$1620. Although I am new doing personnel work, I do not feel that I am utilizing to the fullest extent my experience and educational qualifications and would be interested in transferring to any position for which I am qualified. I would prefer a position with a salary which would not necessitate my being on two jobs at one time.

I have no objection to a secretarial position if it is of a responsible nature, however I feel that I am better qualified for a Junior Administrative, Personnel or clerical accounting position.
